Summary

Software Developer with hands-on experience building and deploying
production web applications using React, Next.js, Node.js, Express, and
MongoDB. Proven ability to deliver full-stack web applications including live
e-commerce platforms with admin dashboards and Stripe payment
integrations for real business use cases.

EDUCATION

Springboard University, Online - *Certificate*

JAN 2025 - JUL 2025

- 700 Hour online course covering key aspects of front-end &
  back-end development, algorithms, databases and data
  structures.

100Devs, Online - *Bootcamp*

AUG 2023 - JUL 2024

- Completed 55-class curriculum via live and recorded sessions on
  YouTube, covering beginner-to-advanced full-stack development
  learning HTML, CSS, JavaScript, Node.js, Express, MongoDB and
  building real-world projects.

SKILLS

Frontend: React, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind
CSS

Backend: Node.js, Express, MongoDB, REST APIs, Authentication

Tools: Git, GitHub, Vercel, Netlify, Render, Stripe, Appwrite

EXPERIENCE

Independent Consultancy, Remote - *Software Developer*

NOV 2023 - PRESENT

- Designed, built, and deployed production web applications using React, Next.js, Node.js, Express, and MongoDB.
- Delivered live e-commerce systems with Stripe payment processing, supporting secure checkout flows and order management.
- Developed admin dashboards enabling business owners to manage products, pricing, and content without developer intervention.
- Implemented RESTful APIs, authentication, and CRUD workflows to support real-world business operations.
- Deployed and maintained applications on Vercel, Netlify, and Render, managing environment variables and production build.

Freelancer, Remote - *Full-stack Software Engineer*

NOV 2023 - PRESENT

- Built and deployed full-stack applications using React, JavaScript, Node.js, Express, and MongoDB.
- Implemented authentication, REST APIs, and database relationships supporting real business logic.
- Collaborated in a remote, team-based environment with code reviews and production-ready standards.

Event Aces, Southern California - *Operations Associate*

SEP 2021 - PRESENT

- Worked in high-volume, customer-facing environments serving 300+ customers per shift.
- Managed inventory, logistics, and operational workflows, reinforcing reliability and attention to detail.
